# STATEMENT OF INTENT

# **DEVELOPMENT AUCKLAND**

For the period 1 September 2015 to 30 June 2018

27 August 2015

# HE MIHI

Tēnā koutou ngā mana whenua me ngā iwi e noho nei ki raro i ngā maunga whakahii o Tāmaki Makaurau, tēnā koutou kātoa. Ki ngā tāngata nei e mahi ana kia tū a Tāmaki Makaurau hei tāone te pai me te whai rawa atu o te ao. Me mahi tahi nei tātou kia tūtuki ērā wawata mō te oranga o ngā iwi kātoa o te wāhi nei.

"To the people of the land and those residing under the sacred volcanic mountains of Auckland, greetings to you all. To all of you who are working hard to make Auckland the most liveable city in the world, we greet you. Let us all work together to fulfil our dreams so that we may all prosper in this beautiful city".

He Mihi – Taken from ACPL SOI as applies across region rather than just waterfront. A new Mihi could be recommended by Manawhenua Forum once DA established.

#### Chairman and Interim CE's Foreword

This is the first Statement of Intent for Development Auckland.

Catalysing urban redevelopment at scale including housing and capturing value from assets are our strategic foci.

The focus for the first year will be bedding in new organisation, bringing the Board and Executive up to speed on the business, including the accountability framework, the key relationships and priorities for the first three years. The aim is to ensure the newly established organisation is performing well with key processes, systems and people in place.

The second focus is to maintain the momentum on key projects including the development of Wynyard Quarter at the waterfront, City Centre Strategic Projects, Ormiston Town Centre, Papatoetoe Town Centre, Hobsonville and Tamaki Redevelopment.

The third focus is the confirmation of new projects for Development Auckland from the shortlist provided by Auckland Council. This process will, in conjunction with Auckland Council, involve high level due diligence, strategic options analysis, a range of investigative and feasibility work and engagement in order to prepare business cases to present to Auckland Council for funding.

A number of strategic initiatives are outlined in the SOI. The first year work programme includes ensuring the organisation has the tools that it requires, i.e. some ongoing process review and changes with Auckland Council, securing appropriate accommodation for the longer term, supporting staff in their new roles, etc .This includes the establishment of some new processes such as strategic portfolio analysis.

Development Auckland is committed to working closely with Auckland Council and other CCOs to increase our collective response to dealing with the demands of our rapidly growing city.

The objective as we work through the transition and achieve established operations is to maintain a focussed, proactive, flexible and outcome-oriented culture and developing an organisation with the Board, Executive and staff that makes a significant contribution to achieving the outcomes sought in the Auckland Plan and LTP.

#### 1. PURPOSE OF STATEMENT OF INTENT

In accordance with the Local Government Act 2002, this annual Statement of Intent (SOI) publicly states the activities and intentions of **Development Auckland** for the next three years, and the objectives that those activities will contribute to. This draft SOI has had shareholder input and includes performance measures and targets as the basis of organisational accountability.

This draft SOI is largely an amalgam of the SOI's of the legacy organizations, Auckland Council Property Limited and Waterfront Auckland. However it is presented in a way to clearly signal the purpose, intent, activities and focus of the new organization.

This draft SOI is recommended to the Development Auckland Board for adoption on establishment, acknowledging that work on the SOI 2016-2019 will begin towards the end of 2015.

## 2. ABOUT DEVELOPMENT AUCKLAND

Development Auckland (DA) is a Council Controlled Organisation of Auckland Council, established on 1 September 2015. It is the result of a merger of two CCOs Waterfront Auckland and Auckland Council Property Limited.

DA is charged with leading urban redevelopment activities on behalf of the Council in key locations and in doing so significantly contributing to outcomes contained in the Auckland Plan. Development Auckland will not build residential and/or commercial space in town centres on its own, but will facilitate and partner with the private sector to build. It will not undertake any construction, marketing or sales activity in its own right.

Development Auckland's range of activities covers four broad areas:

- 1. Redevelopment of urban locations and council owned land within the rural urban boundary
- 2. Redevelopment of council non-service property and where appropriate, review of council service property
- 3. Management of council non-service property and a range of other council owned commercial assets
- 4. Other property related services such as property advice, acquisitions and disposals

DA is charged with balancing commercial and strategic outcomes in order to create sustainable and resilient places where people want to live, work, invest, learn, and visit.

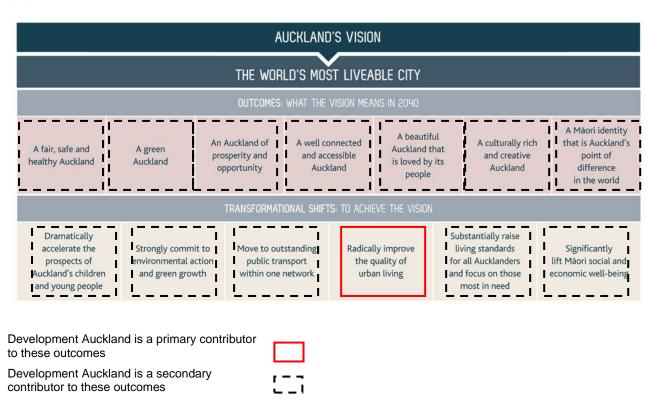

#### 3. CONTRIBUTION TO THE WORLD'S MOST LIVEABLE CITY

The Auckland Plan is the roadmap to deliver on Auckland's vision to be the most liveable city. This is a thirty year plan that is under pinned by a set of outcomes and transformational shifts to achieve this vision which help ensure we focus on the right things.

Auckland Plan sets the strategic direction and transformational shifts to achieve actions, targets and outcomes that are required to achieve the vision to be the world's most liveable city. Development Auckland plays a critical part in delivering on actions and targets across the Auckland Plan.

In particular, Development Auckland will play a significant role in the transformational shift to "Radically improve the quality of urban living" And in doing this, DA will contribute to all of the outcomes and other transformational shifts of the Auckland Plan, sometimes as a primary contributor and sometimes as a secondary contributor, depending on the urban redevelopment project.

| Auckland Plan transformational shifts | Degree of contribution | How Development Auckland contributes   |
|---------------------------------------|------------------------|--|
| Quality urban living                  | Primary contribution   | By developing quality inclusive and safe public spaces, and facilitating residential and commercial development in urban redevelopment locations and quality housing projects; by adopting effective design review processes and leading integrative masterplanning to incorporate local community's unique identity, attributes and potential |
| Raised living standards               | Secondary contribution | By increasing the supply of housing covering a range of price points and housing for disabled and older persons, working with partners, and  |

|                                     |  | improving the quality of urban centres   |
|-------------------------------------|--|--|
| Children & young people             | The degree of contribution will depend on the nature of the urban redevelopment projects in the pipeline | By developing housing (with a range of price points) and safe and inclusive public spaces suitable for families, children and young people   |
| Environmental action & green growth |  | By undertaking sustainable redevelopment of brownfield locations to create adaptable and resilient places and undertaking sustainable redevelopment in collaboration with development partners |
| Outstanding public transport        |  | By undertaking transit-oriented development in brownfield and town centre locations that support the development of the passenger transport system by Auckland Transport                       |
| Māori social and economic wellbeing |  | By providing opportunities in urban redevelopment projects to enhance Maori social and economic wellbeing through engagement with mana whenua and mataawaka                                    |

#### 4. DEVELOPMENT AUCKLAND STRATEGIC OBJECTIVES

Development Auckland has the following set of strategic objectives, derived from the purpose and role set out in the Accountability Framework:

- 1. Facilitate redevelopment of urban locations Consistent with the urban form and infrastructure objectives of the Auckland Plan, Development Auckland will facilitate private sector, third sector<sup>1</sup>, iwi and government investment and collaboration into the sustainable redevelopment of brownfield urban locations. It will co-ordinate the provision of council's infrastructure and other investment in these locations.
- Accommodate growth Development Auckland will contribute to accommodating residential
  and commercial growth through facilitating the quality redevelopment of urban locations with
  excellent public infrastructure and services. Redevelopment of the overall portfolio<sup>2</sup> should
  offer a range of residential choices and price points to cater for diverse households.
- 3. **Facilitate vibrant development** Development Auckland will facilitate the creation of adaptable and resilient places that inspire wellbeing, promote health and safety and are fully accessible to disabled people and older adults. It will harness and incorporate the local community's unique identity, attributes and potential to create vibrant communities.
- 4. Waterfront Development Consistent with the Waterfront Plan 2012, Development Auckland will continue to lead the development of the Auckland waterfront in a way that balances commercial and public good objectives, including high quality urban design.
- 5. **Optimisation of council's property portfolio** Development Auckland may facilitate quality redevelopment of underutilised council landholdings within current urban boundaries.

<sup>&</sup>lt;sup>1</sup> The third sector refers to organisations that are 'not for profit and/or 'non-government' organisations.

<sup>&</sup>lt;sup>2</sup> This allows flexibility to take a tailored approach to different locations and sites.

6. **Contribute to the management of non-service properties** - Development Auckland will also manage council's non-service properties in partnership with the council group.

In summarising the above, DA will play a significant role in the transformational shift "to radically improve the quality of urban living" and it will do this through two core strategic activities

- To catalyse urban redevelopment
- To strategically create value from assets

#### 5. THREE YEAR WORKPLAN TO DELIVER ON STRATEGIC DIRECTION

The following are the key initiatives/projects to deliver on Development Auckland strategic objectives:

|      | project and atives  | Description   | Contribution to strategic role   |
|------|---|---|--|
| Stra | tegic Initiatives   |   |  |
| 1    | Confirm key development priorities  | Select Type 1 and type 2 locations based on the location analysis and the preparation of feasibility cases, aligned with a confirmed portfolio strategy   | Catalyse urban redevelopment;<br>Strategically create value from<br>assets |
| 2    | Operational Ensure the newly established organisation is performing well with key processes, systems and people in place and major "establishment" milestones are established and completed.  |   | High performing council  |
| 3    | Maori Initiatives  Establish engagement forum, update and implement Maori Responsiveness Action Plan, identify Maori development (see following table for details)  |   | Significantly lift Maori social and economic wellbeing                     |
| 4    | Local board engagement plan and masterplanning with local boards  Develop a local board engagement plan and in conjunction with local board services develop a framework for working with an individual local boards in redevelopment locations (type 1 and 2) e.g. respective roles and responsibilities |   | High performing council  |
| 5    | Review business<br>models to establish<br>key priorities  | Review business model for services delivered to the AC Group, including portfolio management, development, acquisitions and disposals and advisory services.  | Strategically create value from assets                                     |
| 6    | Sustainable development policy  | Establish and deploy a corporate sustainability policy and a framework for establishing standards/targets for all projects through masterplanning   | Environmental action and green growth                                      |
| 7    | Housing for older persons portfolio   | Establish a partnership between council and a community housing provider to deliver improved older persons services, expand redevelopment opportunity within the social housing portfolio and the community housing sector at no additional cost to ratepayers. | Strategically create value from assets Catalyse urban redevelopment;       |
| 8    | Drive redevelopment and housing initiatives through partnerships  Establish partnering arrangements and responsibilities with government agencies and other key stakeholders and Iwi, and with other CCOs and Auckland Council to support effective and efficient urban development projects              |   | Catalyse urban redevelopment;  |
| 9    | Prepare a business<br>case for upgrade<br>property management<br>system   | Upgrade system to increase efficiency, transparency and improve customer/stakeholder experience   | High performing council  |

|       | project and atives  | Description  | Contribution to strategic role                    |  |
|-------|---|--|---|--|
| 10    | Additional revenue streams  | Investigate opportunities to generate new revenue streams from the existing asset base for example Pan-Auckland marine strategy  | High performing council                           |  |
| Capi  | tal projects  |  |   |  |
| 11    | Waterfront<br>development   | Planning and design of key redevelopment projects in relation to Westhaven Marina, Wynyard Point, Wynyard Crossing and the facilitation of the commercial and residential development in Wynyard Central, as well as public realm and community development projects | Radically improve quality of urban living for all |  |
| 12    | City Centre Strategic Ring-fenced and part of CCI coordination Projects |  | Radically improve quality of urban living for all |  |
| Strat | tegic projects  |  |   |  |
| 13    | Hobsonville   | Continue the design and where appropriate the construction of infrastructure under the Infrastructure Funding Agreement  | Radically improve quality of urban living         |  |
| 14    | Ormiston Town Centre  | Monitor and proactively manage the Development Agreement with Todd Properties and help facilitate the provision of community facilities within the Town Centre   | Radically improve quality of urban living         |  |
| 15    | Papatoetoe Town<br>Centre   | Facilitate the upgrade of the retail component and residential developments to allow for redevelopment of the supermarket site and construction of approximately 80 housing units.   | Radically improve quality of urban living         |  |

# Specific projects delivering on Māori outcomes

| Key project and initiatives                | Description  | Contribution to Māori outcomes  |
|--|--|---|
| Maori<br>Responsiveness<br>Plan refresh    | Refresh an amalgamation of WA and ACPL Maori Responsiveness Plans by end 2015/16 and ongoing implementation of initiatives Staff training to increase internal capacity Continued input to Te Toa Takitini (led by Te Waka Angamua) where DA can contribute to delivery of priority projects   | Internal effectiveness and capacity Recognition of Maori values and perspectives Significantly lift Maori social and economic wellbeing |
| Maori Engagement<br>Forum<br>establishment | Establish and manage a robust inclusive monthly Mana Whenua Forum to enable relationship with DA and facilitate input to DA projects.  Identify Iwi interested in DA projects and facilitate input  Coordinate efficient engagement with Council family to streamline engagement with mana whenua and mataawaka.  Continue to share information with the Independent Maori Statutory Board (IMSB).  DA will contribute information required for Te Tiriti Audit and will take account of IMSB's Schedule of Issues of Significance, The Maori Plan and the suite of statutory provisions relevant to our activities. | Foster positive and productive relationships between Council and Maori  |
| Maori Development<br>Opportunities         | Engagement with Iwi on commercial and housing development partnering opportunities in urban redevelopment projects and opportunities to purchase properties surplus to council requirements  Explore any means to improve the coordination and efficient engagement with mana whenua and mataawaka around potential disposal properties and properties   | Significantly lift Maori social and economic wellbeing  |

| Key project and initiatives                              | Description  | Contribution to Māori outcomes  |
|--|--|---|
|  | that may become available for development.   |   |
|  | Explore Iwi Investment Fund  |   |
| Recognition and celebration of Maori cultural values and | Maori cultural input to development projects: Identification of opportunities for mana whenua in terms of urban design, art, landscaping, narratives, naming, etc, and application of Te Aranga Maori Design principles in DA development projects | Promote Maori identity as<br>Auckland's point of<br>difference in the world |
| heritage   | Promotion of te reo Maori (new streets, laneways, buildings, wayfinding signage and communications)  |   |
|  | Support for Maori-focussed events at the waterfront  |   |

## 6. PERFORMANCE OUTLOOK

Development Auckland has an agreed set of performance measures and targets which form the basis for accountability to delivering on council's strategic direction, priorities and targets. These are reported on a quarterly basis, in accordance with the CCO Governance Manual.

The Strategic Framework for Development Auckland including the LTP activities, SOI goals and performance measures agreed as part of the Long-term Plan 2015-2025, are illustrated on the next page.

The full set of performance measures and targets are then set out. It is intended that measures will be reviewed by DA and new measures will be developed for the 2016/19 SOI.

# Vision – the world's most liveable city

# Strategic Framework

## Key Transformational Shift: Radically improve the quality of urban living

| P<br>ities                             |  | Catalyse urbar  | n redevelopment   | Strategically create value from assets                         |   |   |  |  |  |  |
|--|--|---|---|--|---|---|--|--|--|--|
| LTP<br>Activities                      |  | Lead waterfront redevelopment   | Facilitate metro and town centre redevelopment            | Manage non-service properties & other assets of Council family | Optimise returns from development and disposals   | Lead strategic property advice and acquisitions               |  |  |  |  |
| s                                      |  | Develop and activate public spaces on waterfront, metro and town centre development areas |   |  | Manage assets to attract private investment   | Acquire properties  |  |  |  |  |

## 7. SUMMARY OF FINANCIALS

The following summary of financials supports the delivery of the strategic objectives and performance targets for Development Auckland.

The financials are based on the LTP budget allocation and the figures do not include funding for any new projects. New urban redevelopment projects will be chosen by Development Auckland (in consultation with Auckland Council) and they will need to be funded through reallocation through specific business case to council or through alternative funding streams.

The above capital expenditure includes all of Waterfront Auckland's capital expenditure for 2015-18.

Public space activities are funded by grants from Auckland Council. Commercial property and marina operational activities will be funded through commercial income with any shortfall covered by debt funding. Cash surpluses generated from commercial operational activities not used to reduce debt or fund capital works for commercial activities, over a threshold to be agreed annually, may be returned to the shareholder. Overheads will be allocated across each of the public, commercial, marina areas of activities.

The above capital expenditure includes the Development Budget and Strategic Development Fund.

The prospective operating contributions to Council and capital expenditure derived from previous ACPL managed activities are summarised below.

Property Portfolio revenue relates to rental income and operating cost recoveries from the property portfolio assets under management and control of previous ACPL. Portfolio assets are managed on behalf of Auckland Council and Auckland Transport who retain ownership of the property assets.

Operating surplus from Property Portfolio reflects revenues less direct operating expenses such as repairs and maintenance but excludes depreciation.

| ACPL property disposals           | -       | 5,000       | 5,116       | 5,242       | 5,380       |

Development operating expenditure includes the costs of investigatory work to seek out and develop development opportunities. This includes preparation of feasibility studies and business cases and will be funded from extra property sales generated.

Development capital expenditure is the costs of developing properties for sale and will be funded from the sale of those properties

Council's Strategic Development Fund (SDF) will be utilised to fund development projects. This will not have an impact on rates as sales from developments will cover all development costs including funding costs.

| Accounting Policies      | Development Auckland's accounting policies are consistent with those of the Auckland Council group policies.     |  |  |  |  |  |  |
| Financial Reporting      | Development Auckland's financial reporting will be in accordance with requirements of the CCO Governance Manual. |  |  |  |  |  |  |
| Asset sales (\$ million) | 2013/14 Actual   | \$20.6m  |  |  |  |  |  |

| 2014/15 Annual Plan | \$30.0m  |
|---------------------|--|
| 2015/16 LTP         | \$50.0m  |
| 2016/17 LTP         | The property disposal target (net value of unconditional sales) for 2016/17 financial period will be agreed with Council in 2015/16. |
| 2017/18 LTP         | The property disposal target (net value of unconditional sales) for 2017/18 financial period will be agreed with Council in 2016/17. |

Development Auckland intends to distribute to Auckland Council funds from commercial activities that are surplus to requirement. We envisage paying a dividend of \$1.8 million a year during the period of this SOI.

Auckland Council confirms that they will not seek repayment from Development Auckland of the current loans for \$11.3m and \$11.7m totalling \$23m before 30 September 2017. Where the existing loans mature prior to this date the Council will roll this debt until at least 30 September 2017.

#### 8. APPROACH TO GOVERNANCE

Auckland Council works in partnership with its CCOs and the agreed approach to governance is outlined within the CCO Governance Manual. The Governance Manual sits alongside this SOI Development Auckland will act in accordance with the Governance Manual.

Auckland Council CCOs are required to hold two public meetings a year (Local Government (Auckland Council) Act 2009). Development Auckland's schedule for year 1 of this SOI is as follows:

| Purpose                                    | Date   | Form of Public Notification   |
|--|--|---|
| Consider shareholder comments on draft SOI | Wednesday 24 June 2016   | Advertisement in NZ Herald at least two weeks prior to meeting and on Development Auckland website five working days prior. |
| Consider performance against SOI targets   | Wednesday 23 September<br>2015<br>Wednesday 28 September<br>2016 |   |
